EXHIBIT 2 - FIX OUR DEMOCRACY

Objective	Description of Proposed Legislation or Policy	Universal Principle	Benefits of Legislation or Policy	Mid-Term 2026-2027	Mid-Term 2028-2029	Mid-Term 2030-2031	Mid-Term 2032-2033	Long-Term Plan
1. Fix Our Democracy	Work with Congress to discontinue the Electoral College in presidential elections and distribute electoral votes to all the presidential candidates in proportion to the number of votes they receive in each state (one person, one vote). See **Appendices 4A, 4B, 4C, 4D,** and **4E**.	UP-5	Ensures that voters do not lose their politacal power in elections, and that the will of the majority prevails in our democracy.	X	X			
2. Fix Our Democracy	Work with Congress to establish federal term limits for senators and representatives to two (2) six-year terms for senators and six (6) two-year terms for representatives. Implement plan for Congress and the Judicial Branch over a period of six (6) years.	UP-5	Ensures that elected officials are focused on serving the people rather than staying in power.	X	X			
3. Fix Our Democracy	Work with Congress to establish term limits for federal judgeships that now have lifetime terms to a term of sixteen (16) years, with terms staggered to allow the president to perminantly appoint only one (1) Supreme Court Justice and approximately twenty (20) Justices of the Courts of Appeals during each four-year term in office. See **Appendix 5A**.	UP-5	Ensures that the ongoing decisions of the courts reflect the will of the people through their elected representatives.	X	X			
4. Fix Our Democracy	Work with Congress to develop standardized and unbiased congressional redistricting criteria and establish independent redistricting commissions within each state to eliminate the current practice of gerrymandering by incumbants to pick their voters before their voters pick them.	UP-5	Helps to ensure that voters are properly represented in Congress.	X	X			
5. Fix Our Democracy	Work with Congress to establish an official one-year process for the election of the president and provide a relatively inexpensive process utilizing the electors in each state for presidential candidates to solicit initial supporters and present their ideas to a national television audience. See **Appendix 5B** for a proposal**.** (Federal Election Commission)	UP-5	The proposal would enable the electors in each state to select the initial candidates from each party for the primary elections in each party..
